Testimonials

It was a simply amazing experience. In a way, it felt like a great conclusion of all our efforts in the past year. The events of Pride Week 2022 went just like we expected them to, and we were happy with the large number and the diversity of the participants, because each event was specially crafted towards a diverse area of interests identified in the queer student community. Of course, none of this would've been possible without the efforts of all our colleagues and the synergetic way in which we collaborated.

Till next year! :)

Miruna Șerban, Campus Pride volunteer

Life as a volunteer for MozaiQ helped me in my journey to self-acceptance, in finding a diverse group of people that became my chosen family. MozaiQ for me represents love, acceptance, safety, friendship, and above all FAMILY.

Bianca Mihaela Cancea, MozaiQ volunteer

My experience during Pride 2022 made me find the joy of creativity. Nothing can fill my soul with joy and my body with adrenaline quite like the opportunity to create unique and mega-fun events that reflect my passions and ideas. The feedback received from the participants assured me that I'm doing a great job and the only way to evolve further is by believing that the impossible is possible if only I work a little harder, alongside my amazing team.

Jerzy, event organizer and volunteer coordinator

Pride 2022 was the moment I felt belonging for the first time. Up until now I participated under the impression that I was an impostor, an ally at most, but this year I was true to myself and realized I am a member of this community. The best event this year was the Drag Show organized by MozaiQ, because it showed that you don't need to fit in a box or be perfect to be accepted by your community; it's enough to be. Just be.
